Hill District Center for Nurturing Families

1801 CENTRE AVENUE, SUITE 200, PITTSBURGH, PA 15219

We are rooted in the principles of Family Support.

All of our programming seeks to build family functioning, resiliency and strength. As part of a network of neighborhood-based centers, our programs and services are based upon best practices, governed and designed by participants, relationship-based, respectful of differences and completely voluntary.

We are a Family Resources neighborhood-based program.

Family Resources mission is to prevent and treat child abuse by strengthening families and neighborhoods.

Everything we do is focused on creating a better future for our children. We provide families and neighborhoods the tools they need to keep children safe, prevent abuse, manage conflict and support the changing needs of families.

Envisioning and achieving a better future for children requires a compassionate, holistic approach to strengthening families. Our resources, tools and programs focus on prevention, intervention and treatment. In each of our 22 locations, we are able to provide the right services, at the right time, for the families we serve.

The Hill District Center for Nurturing Families is a resource for parents, children, and the community. We are committed to developing strong families and recognizing parents as a child's first, and most important, teacher. We provide programs, opportunities for education, and tools that empower parents to address the needs of their families and their own needs as a parent.

Our Services and Resources Support Strong Families.

The Center provides services to pregnant women and families with children birth to five years. Our programs focus on parent education, child development, and parent support. Services provided at the center include:

- Nurturing Parenting Program
- Nurturing Fathers' Program
- Family goal planning
- Life skills
- Parents as Teachers
- Developmental screening for children
- School readiness activities
- Home visiting
- Center based programs
- Advocacy and referral to community resources
- Educational field trips
- Family recreation
